

NORTHCONNEX

Client Lendlease Bouygues Joint Venture

Duration Nov 2015 to Dec 2017

Location M2 Highway, Sydney NSW

Value \$840K

Details Decotec's experienced and versatile operators conducted a wide range of demolition activities on the NorthConnex project. From sophisticated and detailed bridge modification works, all the way down to standard concrete cutting and pile breaking tasks. These activities were spread out over several locations across the duration of the NorthConnex project. The increasing scope and continuous works was a testament to the reliability and workmanship of Decotec's project team.
